

RESIDENTIAL PLASTIC SEATS

Seats shall be No. _____ as manufactured by Church Seats. Seats shall be heavy weight and injection molded of solid plastic. Seats shall be closed front with cover to fit round and elongated bowls. Seats are 3/4" wider on each side and feature exclusive Posturemold® design and large molded-in bumpers for easy cleaning. Seats shall contain a commercial grade metal hinge, our strongest hinge on a residential seat, with a chrome-plated brass or brass finish. Pintles will be stainless steel. This sturdy hinge design will prevent wobbling. Color to be _____ (specify white, bone, biscuit, or almond). Hinges shall be _____.
